CW Mundy is a renowned artist who regularly conducts highly sought-after, sold out artist workshops nationwide. Mundy displayed a propensity for drawing and athletics from an early age. In 1978, he melded his passion for art and sports by working as a sports illustrator for more than a decade. During the early 1990s, Mundy underwent a stylistic transformation, gravitating towards a more impressionistic approach to painting, notably venturing outdoors to paint "en plein air" and "from life". This shift from illustrative art to Impressionism prompted Mundy to undertake a series of European Plein Air painting excursions. Presently situated in Indianapolis, Mundy has won innumerable awards and holds the esteemed Master Signature status with both the Oil Painters of America and the American Impressionist Society.
